FOR VICE-PRESIDENT - - JAMES S. SHERMAN

EDITORIAL COMMENT.

WANTED: A MINING MAN.

The suggestion has been made to the News by a number of local people and also several correspondents that an ideal regent of the state university would be secured if William H. Shockley, of Tonopah, could be induced to become one of the candidates on the Republican ticket at the fall election. The matter has not been broached or considered by Mr. Shockley, according to reports.

Mr. Shockley is one of the best known mining engineers in Nevada; also one of the best known in the world, having had extended experience in China, Korea and other lands in addition to different states of this country. At the present time he is consulting engineer for several of the big Tonopah and other southern Nevada properties and is regarded as one of the best engineers in the southern country.

One of the great reasons for urging the nomination and selection of a man equipped like Mr. Shockley is the fact that at the present time there is not a mining man among the regents of the state university. In view of the great Mackay gift, of the fact that it is designed and intended to make the Nevada university one of the best technical mining schools in the country, would it not be wisdom to select a man with wide experience and practical knowledge and place him among the overseers of the university? Shockley has the technical knowledge, the practical knowledge and the experience to make him an invaluable man to the state and the progress of the school. If Mr. Shockley would consider such a nomination the party would do well to nominate him; if not, then a candidate so equipped should be chosen by the party.

The above from the Carson News will meet with the approval of every citizen who has the welfare of this state and its institutions at heart. As a citizen, none stands higher than William H. Shockley. As stated in the Carson paper, Mr. Shockley has the technical and practical knowledge and his experience would be of incalculable benefit to the state and the university. When spoken to last night Mr. Shockley said that he appreciated fully the high honor and distinction this meant but as it was the first intimation that he had of it he declined to go into the matter until some later date.

WILL START A MILL AT SCHURZ

SCHURZ, Nev., Aug. 8.—A special to the Reno Journal says: C. D. Rankin, a noted former government contractor of the east, who is also heavily interested in contracts at San Francisco, arrived here yesterday to stay. He owns several Rawhide properties and is here to start a 10-stamp mill on this townsite near the Walker lake.

"Two carloads of machinery and supplies," he said today, "are now on the way to Schurz and on their arrival we shall make short work of getting the mill into operation. I expect to start the work of construction in the next five days."

Mr. Rankin is accompanied by Arthur M. Thomson, a mining engineer of San Francisco.

Baptist Church.

Sunday school at 10 a. m. Preaching at 11 a. m. A union Y. P. S. C. E. meeting will be held from 7 to 7:45 p. m. There will be no sermon on account of the lecture by Henry B. Hudson at 8 p. m. at the pavilion.

Roach and Burrows. Exit, Pacienza, organ. Organist, Miss Valencia Bawden; director, Mr. Arthur Burrows; rector, the Rev. Father Butler

NO SETTLEMENT OF STRIKE IN SIGHT

(By Associated Press)

WINNEPEG, Aug. 8.—There is no sign of a settlement of the strike. Manager McVey of the strikers announces that the company is trying to secure Japanese, but many declined to work though offered \$1.75 a day. Pickets are being maintained, but strict orders are not to come in conflict with men or company guards. In the shops at Montreal there are about 1100 men working, the company states.

SOUTHERN NEVADA MER. CO.

M'CARRAN SAYS HE'S THE CANDY

CONTENDS THAT HE WILL BE
NOMINATED FOR CON-
GRESS.

Patrick Henry McCarran arrived from Rhyolite yesterday afternoon, where he was attending to some legal business of Nye county, of which he is the district attorney.

"I am going to be nominated for congress," he said to a Tribune reporter last night, "and know that I have at the present time ninety of the 183 delegates that have been chosen to the convention which will be held at Tonopah. It is a great pleasure to me to know that I have a solid delegation from Washoe county, where I was born and raised. There was a bitter fight put up against me; in fact, throughout the state such contests at a primary were never known in the history of the state, and so much bitter feeling engendered. In Nye county the fight was between O'Brien and Keeler for the judgeship, and the congressional race was overlooked. The delegation is split for the congressional nomination, and I know that the delegation here is split. When the little differences have been patched up you will find a united Democracy fighting against our old-time foe, and that is the Republican party."

"I am out for the complete repeal of the state police bill. In the event of that not being possible, they should be kept at Carson and under the direction of the lieutenant governor, who is the adjutant general of the state. I am also strongly opposed to government by injunction."—Goldfield Tribune.

BAND CONCERT LAST EVENING

The Tonopah brass band gave another of their delightful open air concerts last evening on the balcony of the Palace hotel. These weekly concerts are looked forward to with great pleasure by our people and the streets were lined in the vicinity listening to the various numbers. The members of the band are musicians of high rank and the band as a whole is attaining a proficiency that places them on a par with the best bands in the state.
